I am usually not one to crap on a game but in all honestly please dont waste your money on this. I really tried to give this game a chance i really did but it is pure aids. also developer thanks for the flag on my review .. This game had a whole lot of detail despite being made by one person. There are a lot of moves and animations. The story is interesting suprisingly detailed and interesting. The developer is nice and cares about adding more features in Nice to have sexual content in a game that isn't a visual novel or match 3 puzzle game. If what you see interests you I suggest you but it.. I'm sorry, but i can't give this game a thumbs up. Let's start with the positive aspects: It did not crash an i didn't encounter any bugs. And the fights aren't that bad. Gameplay Video: (Commentary is in German, just imagine that i'm laughing and ranting all the time)
<https://www.youtube.com/watch?v=K4V8zeptRrI> Cons: - Ugly character models - bad walking and running animations - empty landscapes - voice acting - written smileys in conversations?
